ABOUT US

95TSS IS PROUD TO HOLD THE FOLLOWING CERTIFICATIONS:

95TSS is your 'one-stop shop' for all concrete supply requirements, with everything you need to complete your concrete projects. Apart from the convenience of not having to shop around, you can always rely on us for high-quality products at the right price, with unmatched customer service in the bargain.

Our range includes:

GLOVES

Gloves are essential to protect your hands when working with concrete and we stock a wide range. Don't risk your most important asset - invest in good quality gloves.

KNEE PADS

An absolute essential when working at ground level, make sure you pick up a pair or several! We stock both leather and rubber options.

RESPIRATOR MASKS

Concrete dust can be dangerous if inhaled. We stock the disposable 3M N95 the standard in respirator masks which will ensure protection from concrete dust.

CONCRETE REPAIRS

CURING COMPOUNDS

Curing plays a critical role in strength development for the long-term durability of concrete. We stock a wide range of curing compounds and seals (including Krystal 25 OTC) to ensure you get the optimal results from your concrete project.

CONCRETE MIX

This essential item makes it quick and easy to get your job done, with a pre-mixed solution that only needs water to get the results you want. Ideal for large-scale repair jobs

EXPANSION JOINTS

Prevent unsightly cracking of your concrete slab with an expansion or control joint.

FINISHING TOOLS

We stock a wide range of finishing tools to give your project that finishing touch, including rakes, brushes and trowels.
